3 7% - 16% Accumulative Performance Bonus (APB)

A consultant has to qualify for getting the Performance Bonus and is entitled to earn the bonus according to the level qualified. Modicare offers very rewarding Performance Bonus which is amongst the best in the world of direct selling. To earn this Performance Bonus, the qualifying level of Point Value (PV) has to be accumulated.

Accumulative Performance Bonus (APB) Slabs 7% -16%			
Performance Bonus Level	%	Accumulative PV	Accumulative BV (PV X 27)**
		Range	Range
Consultant	7%	1 < 300	27 < 8100
Senior Consultant	10%	300 < 1200	8100 < 32400
Supervisor	13%	1200 < 2700	32400 < 72900
Senior Supervisor	15%	2700 < 4000	72900 < 108000
Director	16%	4000+	108000+

To qualify for Performance Bonus, a consultant should do a Minimum Personal Purchase of ≥ 15 PPV till the level of Senior Supervisor and ≥ 30 PPV from Director level onwards. If in any case a consultant fails to make the required Minimum Personal Purchase, only the Accumulative Performance Bonus earned in that month is carried forward and is released in the month the consultant makes the required Minimum Personal Purchase.

Month 1: Performance Bonus Calculation

Example

- Let's assume that Ram has joined in month 1.
- Ram sponsors 4 friends as his downline consultants.

Ram's Group Point Volume (GPV) = **1295**

Ram's Group is entitled to 13% performance bonus = 1295×27 (PV:BV Ratio) $\times 13\% = \text{Rs. } 4,545$

And Ram qualifies as an Assistant Supervisor

Rs. 4,545 is to be divided amongst Ram's downlines and Ram according to the levels of their achievements.

Mohan is qualified for 7% and gets $150 \times 27 \times 7\% = \text{Rs. } 283.5$

Peter is qualified for 7% and gets $110 \times 27 \times 7\% = \text{Rs. } 208$

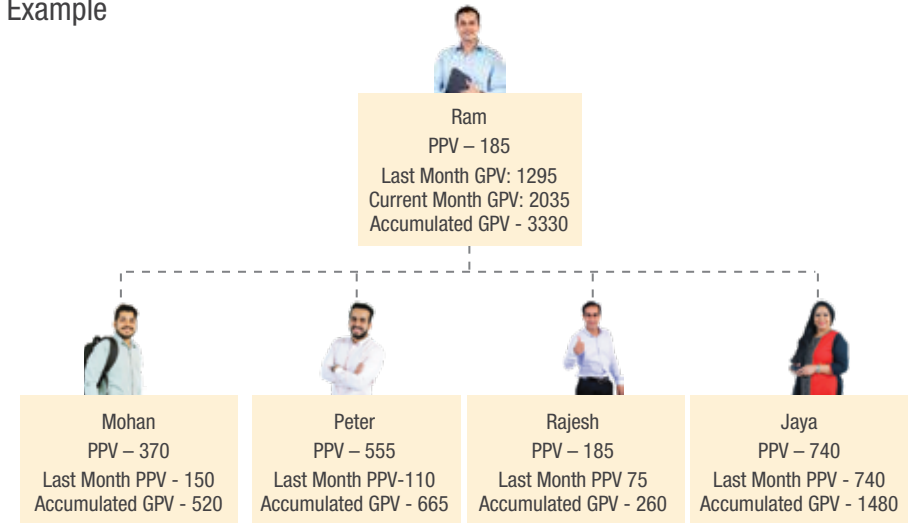

Rajesh is qualified for 7% and gets $75 \times 27 \times 7\% = \text{Rs. } 142$

Jaya is qualified for 10% and gets $740 \times 27 \times 10\% = \text{Rs. } 1998$

Rs. 2631.5 is distributed to Ram's downlines and the balance Rs. 1913.5 is Ram's performance bonus for the month.

Month 2: Performance Bonus Calculation

Example

Let's assume that in month 2 Ram and his downlines have done the following business:

Ram's Group Point Volume (GPV) for Month 2 is 2035

Ram's Group Point Volume (GPV) Last month was 1295

Ram's accumulative GPV is 3330

- Ram's group would be at the 15% level because of accumulation benefits and Ram would qualify as a Supervisor
- Ram is paid on the Group Point Volume (GPV) which he has generated in the current month whereas previous month's GPV is added to determine the Performance Bonus levels.
- Ram's Group is entitled to 15% Performance Bonus **In this case, bonus = $2035 \times 27 \times 15\% = \text{Rs. } 8,242/-$**
- Rs. 8,242 is to be divided amongst you and your downlines according to the levels of their achievements. Let's see how Ram's downlines earn their bonuses:

Jaya
 Last month PPV 740
 This month PPV 740
 Cumulative PPV 1480

Jaya is now qualified for 13% on this month's PPV and gets Rs. 2,597

Rajesh
 Last month PPV 75
 This month PPV 185
 Cumulative PPV 260

Rajesh is now qualified for 7% on this month's PPV and gets Rs. 350

Peter
 Last month PPV 110
 This month PPV 555
 Cumulative PPV 665

Peter is now qualified for 10% on this month's PPV and gets Rs. 1499

Mohan
 Last month PPV 150
 This month PPV 370
 Cumulative PPV 520

Mohan is now qualified for 10% on this month's PPV and gets Rs. 999.

Total bonus distributed in Ram's team is **Rs. 5,445/-**

Ram's APB earning = 8,242 - 5,445 = Rs. 2,797/-

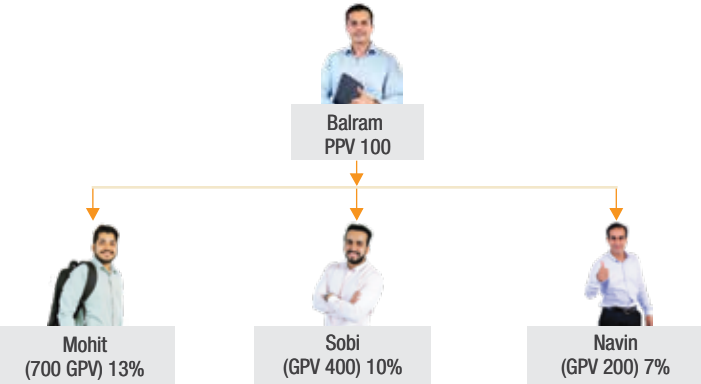

- This way, Ram's Point Volume gets accumulated month after month and he and other team members keep climbing the success ladder and achieving higher levels, payouts and recognition as offered under this very rewarding Samir Modi Azadi Plan 2.0.
- At Modicare, everyone can achieve levels of Director & Above as there are no demotions in titles.

4 4% Director Bonus (DB) Pool

- Modicare sets aside 4% of the company's Monthly BV as Director Bonus (DB) Pool exclusively for Paid-As-Title Director.
- Do atleast 1100 PGPV (29,700 PGBV) to qualify as a Director first time without accumulation.
- First-time Director has to have atleast 1100 PGPV.
- Roll-Up Volume from Non-Qualified legs also be counted for Director Qualification
- All Qualified Directors can earn this bonus which is paid on the PGPV of Qualified Directors.
- This bonus is computed by a "Point System" based on the Director Bonus points earned by all qualifying PAT Director achievers.
- DB Index is allotted based on monthly computation and is likely to vary from month to month: the index is determined and announced after the month-end closing.
- The formula of determining DB points is as mentioned below:
 - Modicare's total monthly BV = A
 - Director Bonus Pool (4% of A) = B
 - Sum total of DB points collected by all DB qualifiers in a month = C
 - DB Point Index (Rupees) = B/C

Title	Qualification	Director Bonus Points in %
Director	PPV >= 30, PGPV >= 1100	6

PGPV of Balram = PPV (Balram)+GPV of Mohit, Sobi and Navin = 1400
 Director Bonus Points earned by Balram = 1400 * 6% = 84
 To calculate the DB earning, DB points are multiplied by 27 (PV:BV ratio) and DB point index.

5 15% Team Bonus (TB) Pool

- Modicare sets aside 15% of the company's monthly BV as Team Bonus Pool.
- All qualified Senior Director & Above consultants can earn this bonus which is paid upto 9 generations deep.
- This bonus is computed by a "Point System" based on the Team Bonus (TB) Points earned by all qualified Senior Directors and above in a month.
- TB point index is allotted based on monthly computation and is likely to vary from month to month; the index is determined and announced after the month-end closing.
- The formula of determining TB points is as mentioned below:
 - Modicare's total monthly BV = A
 - Team Bonus (15% of A) = B
 - Sum Total of TB points collected by all TB qualifiers in a month = C
 - TB Point index (Rupees) = B/C

Status	Qualifying Conditions		Qualified Director Generation in %									
	PPV & PGPV	PAT Director	Self	1	2	3	4	5	6	7	8	9
Senior Director (SD)	PPV≥30 PGPV≥900	1	6	5	4							
Executive Director (ED)	PPV≥30 PGPV≥600	2	6	5	4	3						
Senior Executive Director (SED)	PPV≥30 PGPV≥300	3	6	5	4	3	2					
Platinum Director (PD)	PPV≥30 PGPV≥100	4	6	5	4	3	2	1				
Diamond Director (DD)	PPV≥30	6	6	5	4	3	2	1	0.5			
Black Diamond Director (BDD)	PPV≥30	8	6	5	4	3	2	1	0.5	0.5		
Red Diamond Director (RDD)	PPV≥30	11	6	5	4	3	2	1	0.5	0.5	0.5	
Global Red Diamond Director (GRDD)	PPV≥30	≥ 14	6	5	4	3	2	1	0.5	0.5	0.5	0.5

- In this example, the Team Bonus points are calculated. Please note that these examples are assumptions only and mentioned for the purpose of concept clarity.
- There is a consultant Shashi who has a downline Meera and Meera also has a downline, Gopal.

Shashi
(PPV 30)
PGPV 1300

Shashi is a Senior Director and is eligible to get Team Bonus on 2 generations.

TB Points computation for Shashi:

6% on his own PGPV = 6% of 1300 = 78 Points
 5% on Meera's PGPV = 5% of 1300 = 65 Points
 4% on Gopal's PGPV = 4% of 5750 = 230 Points
Total Points collected by Senior Director Shashi = 78+65+230 = 373 Points

Meera
(PPV 30)
PGPV 1300

In this example, Meera is also a Qualified Senior Director and is eligible to receive Team Bonus points. TB Points computation for Meera:

6% of her own PGPV = 6% of 1300 = 78 Points
 5% on Gopal's PGPV = 5% of 5750 = 287.5 Points
Total Points collected by Senior Director Meera = 78+287.5 = 365.5 Points

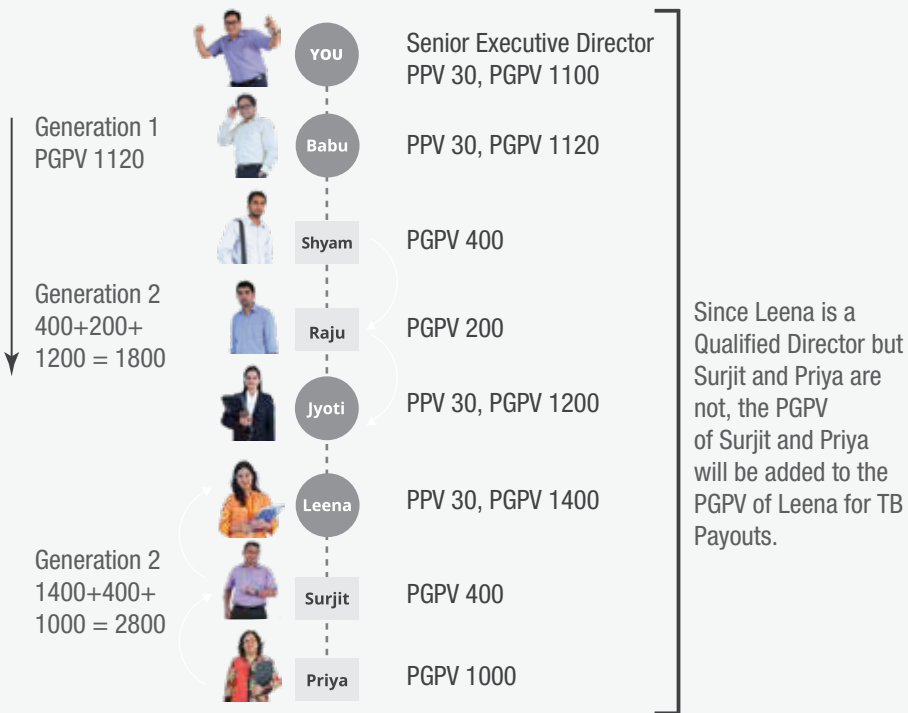

Gopal
(PPV 30)
PGPV 5750

In this example, since Gopal is a Qualified Director, he is not eligible to receive Team Bonus points.

To calculate the TB earning, TB points are multiplied by 27 (PV:BV ratio) and TB point index.

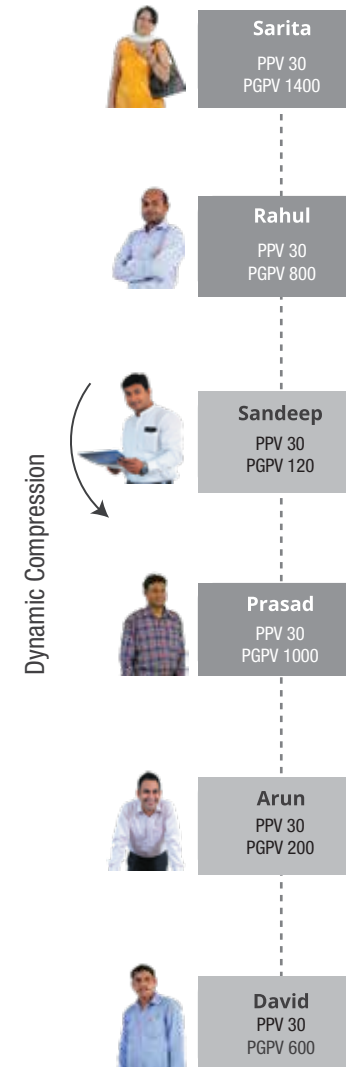

Dynamic Compression

Example

- TB will be paid to all Qualified Senior Directors and Above consultants.
- If one or more Director downline(s) has not qualified, then the PGPV of Non-Directors is compressed down to a next Qualified Director (irrespective of the generation) for calculating your TB points and to you to determine your Paid As Title. Non-Qualified volume for title stops at the first qualified upline. However, if no Qualified Director is found in downline network then the PGPV of all Non-Qualified Directors is compressed up to the PGPV of the first Qualified Director Above for both PAT (if applicable) and TB points.

Roll up of non-qualified Director PGPV for Upline's Title & TB calculation

David's (NQD) PGPV will be first rolled up to Arun (NQD) which in this case makes the PGPV of Arun = 800 (200+600). Even now Arun does not qualify as he has inadequate PGPV.

Now the PGPV of both David and Arun will be rolled up to Prasad which makes the PGPV of Prasad = 1800 (1000+200+600). This makes Prasad a Qualified Director.

Now the rolling up of PGPV of David and Arun will stop at Prasad as Prasad has qualified as a Director by using the non-qualified PGPV.

Now we will roll up the PGPV of Sandeep (NQD) to Rahul which makes Rahul's PGPV 920, thus making Rahul a Qualified Senior Director.

Sarita is now a Qualified Senior Director. Deciding TB Payouts for Sarita:

TB Qualifiers: Sarita and Rahul.

For Sarita, Rahul & Prasad are her 2 generations:
Sarita will get 6% points on his/her PGPV of 1400;
Sarita will get 5% points on PGPV of Rahul which is 5% of 800;

Sarita will get 4% points on PGPV of Sandeep, Prasad, Arun & David which is 4% of 1920; (120+1000+200+600).

If the immediate upline is a Qualified Director or higher, then the PGPV of the Non-Qualified Director or higher will not be rolled up for title.

 &\text{Leadership Productivity Bonus Pool (17\% of A)} &&= B \\
 &\text{Sum Total of LPB points collected by} && \\
 &\text{All LPB qualifiers in a month} &&= C \\
 &\text{LPB Point index (Rupees)} &&= B/C
 \end{aligned}$$

LPB calculation example:

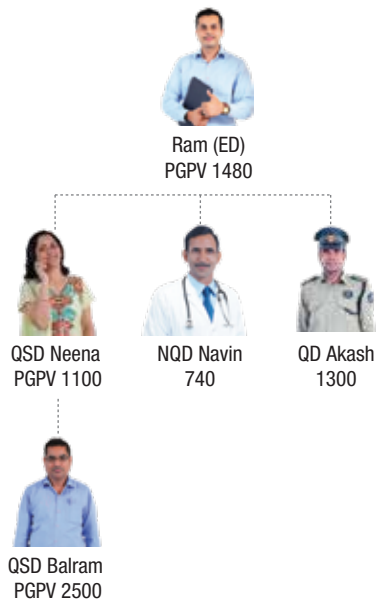

"Mohit" and "Balram" are qualified Senior Directors but do not have a 3600 GPV leg, hence they do not qualify to earn the LPB; "Neena" is eligible to earn LPB since, she's a Senior Director and has one leg with minimum 3600 GPV and atleast one Qualified Director.

"Sheela" is eligible to get LPB on Leg "Mohit" and "Neena" as both legs are >3600 GPV and have atleast one Qualified Director.

Leadership Productivity Bonus Earning

LPB Qualifier	Total Points Earned	Guarantee received from first Generation LPB Qualifier	LPB Points
Neena	5% of 1100 (Self PGPV) = 55 x 27 = 1485	3600	5085
Sheela	5% of 900 (Self PGPV)+ 5% of 1100 (Mohit)+ 5% of 1200 (Balram)+ 5% of 1100 (Neena) = 215 x 27 = 5805	3600 from Leg Mohit+3600 from Leg Neena= 7200	13005

To calculate LPB bonus earning, LPB points retained are multiplied by 27 (PV:BV ratio) and LPB point index.

“Ram” is a Qualified ED and since Leg “Neena” has a GPV of 3600+ with minimum one Director or Above, “Ram” will qualify for LPB - “Ram” will earn LPB points on his PGPV and PGPV of Neena and Balram.

“Ram” will also earn Fixed Guarantee of 3600 Points from leg Neena.

However, since Leg “Navin” and Leg “Akash” do not have a GPV of atleast 3600 with a Director in the same, the PGPV of “Navin” and “Akash” will not be considered for LPB payouts. Though the non-qualified volume of Navin will be considered for Team Bonus for “Ram”.
